

The Soul of the Patagonia 2026

Pre-tour, optional Four night cruise through the Beagle Channel

Oct 07 - Oct 11, 2026

Discover the Beagle Channel

Where Adventure Meets Awe

Set sail on a journey like no other, where the earth whispers ancient tales and icy waters cradle legends beneath an endless cerulean sky.

As mountains rise like silent sentinels shrouded in mist, you'll witness glaciers dance and seabirds call in a symphony of wilderness.

Time dissolves here — your spirit soaring freer than the wind, carried on waves of wonder through Patagonia's wild heart.

Climb Cape Horn (Weather Permitting) and glimpse at the dreaded, and poetically acclaimed Drake Passage. In its dread lies a profound poetry: the sea's roar, the spray of ocean mist, and the relentless surge—reminding all who dare to cross that the planet still holds realms of mystery and magnificent, humbling beauty.
